

Gazelles Netball Club

Marguerite Elbourne Life Membership Policy

Life membership is the highest honour awarded to members of Gazelles Netball Club (the Club) to acknowledge significant and long-term service provided in accordance with the Gazelles Values.

In nominating and electing life members it is important to remember that this award sits above all others and is to only be given to those who can be considered exceptional in the clubs history.

1. Eligibility Criteria

1.1 Life membership is awarded for significant and long-term service to the club. A life member must;

- Be over 18 years of age
- Be financial with the club
- Have always behaved in line with the “Gazelles Values”
- Have contributed in an exceptional manner to the Club.

1.2 There is no prescriptive definition of an exceptional contribution. Life Membership can be based on a combination of a wide variety of actions that constitute an exceptional contribution. Examples of contributions that may combine to constitute an exceptional contribution include, but are not exclusive to;

- Playing 500 games or more
- Holding an executive position with the club for 5 years or more
- Being a committee member with the club for 10 years or more
- Coaching for the club for 10 years or more
- Umpiring for the club for 10 years or more
- Making a significant financial contribution to the club, or multiple smaller contributions over an extended period
- Providing significant professional services to the club; i.e. website design or database management

2. Nomination Process

2.1 A potential life member must be nominated by a current member of Gazelles Netball Club. The nomination must be seconded by a member of the committee. Self-nomination, or nomination by an immediate family member, is not permitted.

2.2 Nominations are to be completed on the Life Membership Nomination Form at Attachment A. This form will be made available on the Gazelles netball club website and in hard copy on request from the Secretary.

2.3 A completed nomination form should be given to the Secretary of the club who will arrange for distribution to committee members.

2.4 Nominations must be circulated by the Secretary a minimum of one week before the committee meeting.

3. Voting and Induction

3.1 A maximum of one life member may be elected annually. In the event no eligible nominations are made no new life member will be inducted that year.

3.2 Nominations will be presented annually to the full committee for an anonymous vote. If the nominee is a committee member they may not vote.

3.3 Executive committee members can vote via proxy or in writing in advance of the meeting. Committee members must vote in person.

3.4 One nomination

A secret ballot will be conducted with committee members voting for or against the nominees' induction as a life member. To be successful the nomination must receive a 75% vote to the affirmative.

3.5 Multiple nominations

In the event that more than one life member is nominated, all nominations will be presented to the committee. Voting will take place in rounds.

3.5.1 Round 1

Each nomination will be considered individually for eligibility and the committee will vote to accept the nomination. Each committee member can vote individually for each nomination and may vote none, one or all nominations eligible. A nomination will be accepted if 75% of the committee vote to the affirmative. If a nomination fails to achieve 75% of the vote it is rejected by the committee. All nominations that receive more than 75% of the vote continue to round 2. If only one nomination receives 75% then this nomination is considered approved by the committee and nominee will receive the annual life membership.

3.5.2 Round 2

Each accepted nomination will be presented individually to the committee. Where possible the nominator, or their representative, will present their reasons to the committee. Committee members will have the opportunity to ask questions of the nominator.

Once each committee member is satisfied they have sufficient information to make a decision a secret ballot will take place. Committee members will rank the top 3 nominations in descending

order. Votes will be weighted 3, 2, 1 (as per best and fairest voting). The nomination that receives the most points will be inducted as the annual life member for that year.

In the event that two nominations receive the same points, both nominations proceed to round 3.

3.5.3 Round 3

Each nomination will be considered by the executive committee. The executive committee will discuss the merits of each application. Each executive committee member will receive one vote. The nomination receiving the most votes will be inducted as the annual life member for that year.

4. Rejected Nominations

If a nomination is rejected the same nomination cannot be resubmitted. The nominee may be nominated the following year in accordance with the usual nomination process with a new nomination form. There is no appeals process for life membership decisions.
